

Our School

Our school is international, so there are kids from all different countries of the world. It's really big, but once you come here you'll know it as good as your five fingers. Maybe you are not that good at English? We have EAL classes where you'll learn English. If you are good at English you will choose another language that you want to learn. French, Spanish, or German. We celebrate lots of special days. Some of them are just for fun like: crazy hair day, pyjamas day, black and red day, twins day, and so on! You will never be bored in this school. Good luck!

BUDAPEST FUN

In Budapest there are lots of interesting and fun places to visit. There are some cool places below.

PALACE OF MIRACLES

It's the science museum where you can try lots of experiments. You play games, solve puzzles, try experiments, and lots of other interesting things!

AQUARIUM

It's a great place if you're interested in fish and alligators. There are lots of interesting fish. You can even touch an electric ray! There are sharks and even alligators! But watch out, alligators can bite you!

CHAIRLIFT

It's a cool place. You get up a high hill with a big chairlift. When you get up you'll see a tower. You can get to the tower and then you can see a wonderful view of Budapest. You might try to find your house. That's a great place!

HOT SPRINGS BATHS

There are lots of pools there. The one I really like is outside. It's a big hot pool. It even works in winter if it's not raining or snowing. There are also lots of small pools inside. They are all a bit stinky, but they're healthy! It's really awesome! There are also lots of saunas if you and your parents would like that.
